educators

123 Petits Pas Educator Course Handbook

Feel free to share your answers with me! Send me an email: info@123petitspas.com

Question #1. Why are you taking this certification course?

Question #2. Prior to taking this course, what has your experience with French teaching been like? What is it that you're hoping to get out of this course?

Ready for this one? It's time to let go of your reservations. Be open to being your most silly & engaging self without worrying about what others are thinking.

Not a fan of your singing voice? Feel too awkward to put on a silly voice when reading a story? Put those feelings to the side to get the most out of this program.

Sign below to agree to not holding back on your personality. I promise you, it is the key.

To-Do List:

- Watch the intro video
- Complete this page and the next page
- Make a folder on your laptop for this course content
- Download Module 1 resources
- Get started! (Watch module 1)

Tips to getting the most out of your course:

To hold yourself accountable, we suggest scheduling time in your week to dedicate to this course. It's easier to ensure you complete a course when you schedule it into your life in a way that works best for you.

Plan your "Educator Course" schedule here, (you may always change it if need be):

Implement ASAP!

There's no need to wait until you've completed the course to start using the content. Try implementing some of the activities/tools mentioned in each module immediately! What worked? What would you do differently next time?

Find yourself overwhelmed?

- Slow it down. Focus on one module at a time. Implement a couple activities. Got the hang of those? Go on to the next one.
- Too many ideas? Take notes! Use this workbook or scrap paper.
- Too excited that you want to watch it all asap? Great! You can review this content as often as you like.

Write down anything that might stop you from completing this course or implementing this course into your teaching. Any fears, worries....etc. Jot them down here.

Now scratch them all out. You heard me. Scratch this section up completely. Fears & worries, although normal, aren't welcome here. Let's say "au revoir" to them now and move on.

Au revoir from Madame Amy

Félicitations on completing your 123 Petits Pas Course for Educators!

I am so thankful to have had you as a participant in my first ever online class geared towards fellow educators. I wanted to say a huge MERCI for being a part of this new community. If you have any feedback, please do send it my way as I hope to continue adding to the online course in order to make it as helpful as possible.

My hope is that you now feel supported in your ability to engage children in their French learning- making it feel like more of a fun hobby for them, rather than a school subject. I hope that this course has left you feeling excited, prepared, and confident for your future as a fun & engaging educator.

I also wanted to say a special thank you from your current and future students. As teachers, we don't often get thanked for our efforts, but in taking the time to complete this course, I know you are a very special kind of educator and you should know that you are having such a positive effect on your students' lives. Un grand MERCI for your incredible efforts.

Please know that I consider you to be a part of the 123 Petits Pas community. Together, we are helping to create confident students who LOVE learning. I am always here as your fellow colleague if ever you want to ask questions, share ideas, etc. Part of the "perk" of being an 123 Petits Pas certified educator is knowing that you always have somewhere to turn if you need extra support.

Merci mille fois et félicitations!

Madame Amy
